Child-Parent Psychotherapy

Child-Parent Psychotherapy (CPP) is therapy for young children from birth to age 5 and their parents and/or caregivers. Providing services that help young children and families recover and heal after stressful and traumatic events.

CPP may help when:

- Children have experienced scary or painful events such as the loss of a loved one, separation, abuse and more
- Children display difficult behaviors
- Children have a change in placement or caregivers
- Family members have physical or mental health difficulties
- Caregivers would like help with parenting and improving parent-child relationships

Visit us at one of our clinics for more information:

Flatbush Behavioral Health Clinic
1623 Flatbush Ave., Brooklyn, NY 11210

Corona Behavioral Health Clinic
91-14 37th Ave., Jackson Heights, NY 11372
